

LOCAL MATTERS.

TO OUR CITY SUBSCRIBERS.—We would be thankful if there is any failure on the part of our carriers to deliver the DAILY NEWS, if our city subscribers would give us immediate notice. Every effort on our part will be made to secure an early delivery, and if the carriers fail in doing their duty, we hope to be immediately informed of it.

PERSONAL.—We unintentionally omitted to return our thanks to Mr. THAD. C. JOWITT, of the justly celebrated job printing establishment, in King-street, near Calhoun, for facilities afforded us in issuing the first numbers of our paper, who, with his usual and commendable liberality, proffered the use of his press, which was accepted, and enabled us to lay before our readers the "DAILY NEWS" several days in advance of the arrival of our press.

THANKS.—We tender many thanks to the Messrs. MOTT, of No. 8 Broad-street, for the delicious turtle soup sent to us at noon Saturday.

THE OFFICERS of the steamer Fannie, from Savannah, will please accept our thanks for late papers.

WE TENDER our thanks to Mr. DARBY, of the Adams Express Co., for late files of Columbia, Winstonsboro, Augusta, and Montgomery papers. We are also under obligations to QUINN & Bro. for files of late country papers.

WILMINGTON AND MANCHESTER RAILROAD.—We would call particular attention to the advertisement in this morning's issue of HENRY M. DRANE, Esq., General Superintendent of this road. We are informed that Mr. DRANE is making every effort to obtain a daily mail over his road, in which we sincerely hope he will be soon successful. The Northeastern Railroad is now prepared to take its daily share of the work.

DEPARTURE.—The steamship Granada, of the LEAHY line, left her wharf promptly at 4 o'clock on Saturday afternoon last for New York, having an excellent list of passengers and a full freight—indeed, the best since the line has been started. The success of these ships, and the extensive patronage they enjoy, speak well for the efforts of the agent in this city.

ROBBERY.—A gentleman from the country was, last week, inveigled into a disreputable house in Berne-street, where he was robbed of a gold watch and \$500. Officer COATES, the sagacious detective, has taken the matter in hand, and arrested two women, who, doubtless, committed the theft, and who will undergo an examination. Should they be pronounced guilty, we predict that an example will be made that will terrify all the inhabitants of brothels in our city.

ACCIDENT.—An officer, while riding at very great speed up King-street, on Saturday afternoon last, ran across a spring-wagon which was coming down George-street, and was thrown from his horse much injured. He is at present in a very precarious situation, and the animal is also very much hurt.

THE STEAMER ROCKLAND.—We enjoyed, yesterday afternoon, one of the most delightful excursions ever participated in, on board this boat. The company was select and full of joyousness, the hosts were pleasant and generous, and the Captain was anxious and attentive. Messrs. VANNON and WALTER paid their whole attention to their friends, regardless of themselves, while Capt. BROWN gratified every wish of the passengers, without regard to his own comforts. We tender our best wishes for the success of the Rockland and all connected with her.

We had almost forgotten the Steward, who handed us sandwiches that would have delighted LOUIS NAPOLEON with his imprisonment at Ham.

THE SCHOONER General Scott, belonging to Messrs. STYLES & CARTER, of this city, and loaded with hay, has been totally lost on a reef near Beaufort (N. C.). She was loaded with hay from Portland (Me.) for Port Royal.

SALES AT AUCTION OF BOOTS, SHOES, GAITERS, &c. MILES DRAKE, Auctioneer, at the corner of King and Liberty streets, offers for sale on Thursday next, one of the largest assortments of the above ever offered in this market. The reputation of Mr. DRAKE will always insure him "a large company."

GEO. W. CLARK & Co.—Our readers will refer to the advertisements of this firm, if they wish to satisfy themselves that their last importation is not to be surpassed in quality and quantity.

COLBURN, HOWELL & Co.—We would direct the attention of patrons to our advertising columns, desiring them to read the card of these gentlemen. Their experience has been obtained in our State and City, and their ability as merchants is so well known, as to cause a pleasurable feeling with many at seeing them once more entering commercial life. With Mr. COLBURN, long connected with the house of J. H. TAYLOR, Esq., and Mr. HOWELL, for many years in business with the sterling concern of GILLILAND & SON, who can desire a better guarantee of faith, diligence and punctuality? The advertisement must be read with care.

THE CORN CROP IN VIRGINIA.—The Richmond Republic, of a recent issue, in reference to this subject, has the following:

While the area planted in corn in Eastern Virginia is probably not one-fourth as great as that of 1860, the quality of the present crop has never been exceeded. It is not believed that ever before was there, on the same number of stalks, so large a quantity of grain. This is the concurrent testimony of persons who have recently passed through most of our eastern and northern counties. As the people have nothing but their crops to which to look for support during the current year, the prospect of abundance is, even more than in ordinary times, a subject of congratulation.

In the country along the Upper James, about Lynchburg, and in the southwestern part of the State generally, a splendid corn-growing region, it may be remarked, we fear there has been already too much rain, while, from present indications, the prospect is that there is to be much more. An excess of rain produces an immense crop of stalk, but little corn. The rains that have fallen during the past two weeks prevailed in the country just mentioned, have been very heavy, and have done incalculable damage to the crops and in various other ways.

TO CIVIL OFFICERS.—An important point, says the Macon Telegraph in the late proclamation of President Johnson, is the right of the civil officers of the State. By referring to the document it will be seen that he "declares that all civil officers who have taken and subscribed the oath prescribed in the proclamation aforesaid, if not embraced within any of the exceptions, or who may have received special amnesty if embraced, shall proceed thereafter in the discharge of the duties of their several offices according to the law in existence prior to the 1st of January, 1861, as far as the same are not inconsistent with our present condition."
